Definitions

- 1** In this Order,
- (a) "Act" means the Apprenticeship and Industry Training Act;
 - (b) "Board" means the Alberta Apprenticeship and Industry Training Board;
 - (c) "Executive Director" means the Executive Director appointed under section 14 of the Act.
 - (d) "sponsor" means a person in a designated occupation who has knowledge of and is able to verify the skills and work experience of a person in that occupation;
 - (e) "training program" means a program
 - (i) under which a person acquires skill and knowledge in a designated occupation, and
 - (ii) that is described in this Order.

Achievement of standards

- 2** The Board, in consultation with the applicable occupational committee
- (a) sets or recognizes the examinations that are required to measure the achievement of standards under this Order, and
 - (b) determines the standards that are to be achieved.

Requirements to complete a training program

- 3** To complete a training program, a person must
- (a) complete the term of the training program that is applicable to that person,
 - (b) successfully complete all required examinations, and
 - (c) with respect to work experience, be given a satisfactory report by the person's employer, supervisor or sponsor that the person has successfully completed the work experience requirements.

Term of construction craft labourer training program

4(1) Subject to credit for previous training or experience being granted by the Executive Director, the term of a training program in the construction craft labourer occupation is a minimum of 12 months during which a person must

- (a) acquire at least 2000 hours of work experience, and
- (b) successfully complete the formal training that is required or approved by the Board.

(2) To enter a training program in the construction craft labourer occupation, a person must have a minimum of grade 9 education.

Term of field heat treatment technician training program

5 Subject to credit for previous training or experience being granted by the Executive Director, the term of a training program in the field heat treatment technician occupation is a minimum of 48 months during which a person must

- (a) acquire at least 7200 hours of work experience, and
- (b) successfully complete the formal training that is required or approved by the Board.

Term of gas utility operator training program

6 Subject to credit for previous training or experience being granted by the Executive Director, the term of a training program in the gas utility operator occupation is a minimum of 24 months during which a person must

- (a) acquire at least 3400 hours of work experience and
- (b) successfully complete the formal training that is required or approved by the Board.

Term of industrial construction crew supervisor training program

7 The term of a training program in the industrial construction crew supervisor occupation is a minimum of 24 consecutive months within the 5 years prior to the date a person applies for certification, during which a person must

- (a) acquire at least 1000 hours of work experience,

and

(b) complete the formal training that is required or approved by the Board,

or

(c) demonstrate that the person has acquired the competencies recognized by the Board in the industrial construction crew supervisor occupation.

8 Term of residential construction site manager training program

The term of a training program in the residential construction site manager occupation is a minimum of 36 months during which a person must

(a) acquire at least 4500 hours of work experience, and

(b) successfully complete the formal training that is required or approved by the Board.

[Board Order 4/2011]

Repeal

9 The Designated Occupations Training Order, Board Order 2/2000 is repealed.

Coming into force

10 This Order comes into force on July 1, 2010.
